Profile

Creative and dedicated Front-End Developer with a background in software testing and a passion for crafting beautiful, user-focused web applications. I am currently pursuing formal education in front-end development while building real-world projects like a dynamic food recipe website. Enthusiastic about clean code, intuitive design, and lifelong learning.

Technical Skills

Languages & Frameworks: Html, JavaScript, TypeScript, React, Next.js

Styling Tools: Tailwind CSS, Styled Components, MUI, Sass

Testing: Jest

Tools & Methodologies: Git, GitHub, Azure DevOps, Agile (Scrum)

Projects

📁 **Food Recipe Website (Ongoing till-)** Interactive recipe platform built with React and Tailwind CSS.

Features responsive design, clean code practices and responsive layout. Some on GitHub

Professional Experience

Software Test Engineer, .iluxur – Sweden (Contract) | Jun 2020 – Dec 2022

Performed manual and automated testing using Selenium (Python) & Playwright; contributed to agile sprints. Developed and executed cross-platform test cases to ensure product quality and functionality.

QA Engineer, Oolong Technology | May 2015 – Apr 2018

Created detailed manual test cases and led E2E automation with Selenium (Python). Supported UAT, regression, and functional testing throughout development cycles.

Shift Manager McDonald's – London, UK | Jan 2008 – Dec 2012

- Led shift teams and ensured high-quality customer service
- Oversaw inventory, staff training, and operational efficiency

Education

Frontend Developer Program Future Games – Sweden | Sep 2024 – May 2026 (*Ongoing*)

Master of Business Administration Liverpool John Moores University | UK

Bachelor in computer science Al-Khair University | Pakistan
